National Marine Manufacturers Association
NMMA Boat and Yacht Certification Program
Standards Basis – 2024 Model Year

Inboard Engines
Marine Sanitation Devices
Hull Identification (H.I.N.)
LPG Systems
Cooking Appliances
Refrigeration and Air Conditioning Equipment
Liquid and Solid Fueled Boat Heating Systems
Gasoline and Propane Detection
Electric Propulsion Systems
A-16-22 (Compliance date of July 31, 2023)

Sound Signal Appliances
Carbon Monoxide Detection Systems
LPG and CNG Fueled Appliances
Alternating Current (AC) Generator SETS
Galvanic Isolators
Cooking Appliances with integral LPG cylinders
Battery Chargers and Inverters
AC Power Conversion Equipment and Systems
A-32-22

Emergency Engine/Propulsion Cut-off Devices
A-33-20

Construction and Testing of Electric Navigation Lights
Storage Batteries
A.C. & D. C. Electrical Systems
E-11-22

Electric Propulsion Systems
E-30-22

Field of Vision from the Helm
Ventilation Gasoline
Windows, Hatches, Doors, and Port Lights
Cockpit Drainage Systems
Capacity
Buoyancy/Flotation
H-08-22

Electric Bilge Pumps
Electric Navigation Lights
Sound Signal Appliances
H-10-21
Water Systems

Gasoline Fuel Systems
H-24-22
Portable Gasoline Fuel Systems
Powering
Seacocks, Thru-Hulls and Drain Plugs
Inflatable Boats
H-29-22
Canoes and Kayaks
H-30-22

Hydraulic Systems
Seat Structures
Ventilation Diesel
Diesel Fuel Systems
Pontoon Boats
H-35-22

Jet Boat – Light Weight
H-37-22
Anchoring, Mooring, and Strong Points
Ladders, Handholds, and Rails
H-41-22
Exhaust Systems
Propeller Shafting Systems
Mechanical Propulsion Control Systems
Mechanical Steering Systems
Manual Hydraulic Steering Systems
P-21-22
Steering Wheels
Jet Boat Steering/Propulsion
P-23-22
Electric/Electronic Steering Control Systems for Propulsion and Steering
Capacity Plates
Outboard Engine Weight Table
S-30-22
Safety Signs and Labels
T-05-21

Updated ABYC Standards and New Standards for the 2024 MY program in Bold
